

## EVESHAM & DISTRICT CANINE SOCIETY OPEN SHOW

Sunday 18<sup>TH</sup> July 2010

### SIBERIAN HUSKIES – DOGS

#### JUNIOR DOG (5 entries)

1<sup>st</sup> Roberts' ZOX ROODMAS AMONG OSOCHILLI , very leggy dark grey/white boy who found it very hard to settle today with the gusty winds. However, at times he moved well and showed off his potential. Only 14 months old and has a lot of maturing to do, very nice head and alert expression, level top line, correct bite and tail set. Very tough class to judge and my first two are complete opposites in many ways. Time will improve this lad and it will be nice to see him in a couple of years time. One thing I need to be able to see is the dog moving well and today he was not consistent, however it will come in time. Nice boy.

2<sup>nd</sup> Busby's, RAJARANI KARSTEN. **Best Puppy.** 10½ month black & white traditionally marked boy, complete opposite to 1st above, however was a true showman. Nice on the move but needed to stretch out more to be able to cover the ground better, nice head and foxy expression. Although only a puppy I would have liked to see better muscle tone and definition. Well deserved 2<sup>nd</sup> place.

#### POST GRADUATE DOG (1 entry)

1<sup>st</sup> Greenough's ARCTICTREKS PAINTER OF LIGHT It's always a shame to have only one dog in the class and to be able to do the dog justice in a critique. Dark grey/white dog, correct foxy alert expression and nice level top line, still muscled although would like to feel more muscle definition and firmness, tail was set slightly high which did spoil his overall outline for me. He moved around the ring well although could do with being moved slightly faster to see him open out and cover the ground better. Nice boy.

#### OPEN DOG (5 entries)

1<sup>st</sup> Greenough's SKIMARQUE MYSTICAL PRINCE AT UNALAKLEET **Best Opposite Sex & Reserve Best of Breed.** This lad has always enjoyed his time in the ring and today was no exception. He is a true showman, however seems to be showing signs of age now and is not covering the ground quite so smoothly. Very tough class to judge and very close between 1<sup>st</sup> and 2<sup>nd</sup>. Black & white pie in full coat which was fairly rare today, lovely head and correct shaped almond eyes, moved around the ring steadily but with control, nice level top line and tail set. He was slightly wide at the rear today but never the less deserved his win.

2<sup>nd</sup> Roberts' MAYANSER HASTE OF OSOCHILLI. Really liked this boy, top of the standard grey & white dog, moved well around the ring and covered the ground with ease. Slightly unsettled today which was a shame and it was a very close decision between 1<sup>st</sup> and 2<sup>nd</sup>. Nice head and keen alert expression, slightly naughty and playful at times which made seeing him move slightly difficult. When he was concentrating he moved well and did cover the ground better than 1<sup>st</sup>. Nice outline although really is top of the standard, big boy. Will mature in time and will be nice to see him in a couple of years.

AMANDA PALMER (Judge)
